Key to types of Medicare Advantage plans

Local HMO: A Health Maintenance Organization is available in certain counties only. In most HMOs, the plan pays for care only with doctors, specialists, or hospitals on the plan's list - except in an emergency.

Local PPO: A Preferred Provider Organization available in certain counties only. In most PPOs, you pay less if you use doctors or hospitals, and other providers that belong to the network. For an added cost, you can use out-of-network doctors, hospitals, and other providers.

PFFS: A Private Fee-for-Service Plan. In a PFFS, you can go to any Medicare-approved doctor or hospital that accepts the plan's payment. When you need care, always check with your doctor to see if he or she participates in the plan.

HMO-POS: An HMO plan with a Point-of-Service plan option. An HMO-POS option pays for care with doctors, providers, and hospitals outside the plan for an added cost.

SNP: Medicare "Special Needs" Plans may limit all or most of their membership to people:

- ♦ In certain long-term care facilities (like a nursing home);
- ♦ Eligible for both Medicare and Medicaid; or
- ♦ With certain chronic or disabling conditions.
